

Youth CAMPS

FISHING FOR LIFE camps are a camper's gateway into outdoor adventure. Our camps join youth with experienced guides, to fish or hunt and explore God's creation in a safe and fun atmosphere.

Your child will explore daily devotional sessions along side of expert outdoor skills training. Campers will walk away with skills and memories that will serve them for a lifetime.

Spending time in nature, learning life lessons, and building friendships—it's everything a camp should be and more.

Campers start at Age 8 and prices range between \$60-\$500 per camp. Scholarships are available upon request.
